Class description:

16hours, 8 days, 2 hours per session (10:30 to 12:30 -Mon, Wed, )

This class offers a new approach to rendering, and applying acrylics as a fluid, water-color medium.

In this course, you will learn:

- how to apply and build layers of colors,
- mixing colors,
- stroke techniques, and
- using reference material for clarity.

This class is designed for 2 to 9 students and providing one-on-one assistance.
